

PRIMO® XL

Comfort Seat with Low-Frequency
Pneumatic Suspension

TECHNICAL DATA

PRIMO® XL

Operable on a 12 V or 24 V power source, this seat's low-frequency suspension ensures good comfort. It can be easily set to the driver's weight (between 45 and 170 kg) simply by pressing a button. The upper seat section, retention system, and lumbar support can also be set to optimally meet the user's needs.
